# H.R.1 Elements in State-Level Legislation

The LAA Research Group analyzed over 2,300 bills across all 50 states.

Of the 2,358 bills that we reviewed, 891 have elements of H.R.1 in them. At the time that we compiled this data, of that number 43 became law (4.8%), 129 either died in committee, failed, or were withdrawn (14.5%), and 719 remain active (80.7%).

## Notable Highlights:

At the time of compilation, Virginia had passed the most legislation with H.R.1 elements (7 bills).

Mississippi led the way in stopping the most H.R.1 related legislation (41).

Texas had the most H.R.1 pending legislation (123 bills), followed by New York (90 bills), and then Massachusetts (49 bills), Minnesota (43 bills), and New Jersey (39 bills).

Wyoming was the only state not to have introduced any H.R. 1 related bill... so far.

## How to Help

We believe that sunlight is the best disinfectant.

Now that you have this information, you can find the contact information for your state representatives and senators at the links above to let them know your thoughts on the bills.

Only when more people get involved, will meaningful, impactful change occur. This means less talking and more doing. That's how Look Ahead America will positively impact election reform.

Support Look Ahead America by signing up to volunteer either as a state volunteer coordinator, a researcher, an activist, or by making a financial contribution at <https://www.lookaheadamerica.org>.
