Look Ahead Arizona Announces “What Happened at the Audit” Town Hall Series Featuring Ken Bennett

Phoenix, Arizona— Look Ahead Arizona (LAAZ) announced a series of town halls to take place across the state featuring the audit’s Senate Liaison and former Secretary of State Ken Bennett.

Matt Braynard, executive director of LAAZ’s parent organization, Look Ahead America, will moderate these town halls. He made the following statement:

“Look Ahead Arizona is America First community organizing. This series of townhalls is part of that mission. We are presenting an opportunity to meet with and hold accountable public officials. We are grateful that our state chairman will help shed transparency on the audit and take direct questions from the public who attend these town halls.”

The four town halls will take place across four different regions in the state. Those interested MUST RSVP at <https://lookaheadamerica.org/townhall>. Each town hall will also be live streamed on that same page. Any press interested in attending should email press@lookaheadarizona.org.
