ARIZONA: Three of Four New Election Integrity Bills Are Meaningless, Political Theater

Washington, DC –Today, Look Ahead America released a report analyzing the four election integrity bills recently passed by the Arizona House Government and Elections Committee.

Ian Camacho, Look Ahead America’s Research Director and co-author of the report, made the following statement about the legislation:

Three of these four bills, H.B. 2236, 2493 and 2494, don’t do much of anything to fix existing problems with election integrity as discovered in the 2020 General Election. The only productive bill in the bunch is H.B. 2241, which stops automatic voter registration without a citizen’s request. Otherwise, these bills are 100% political theater. The citizens of Arizona deserve much better.
