## **LAA Challenges Remove 43 Illegitimate Voters from Rockdale County Georgia**

Washington DC – Look Ahead America (LAA) has confirmed from the Rockdale County Supervisor of Elections that all 43 voters that LAA volunteers found illegally registered at the USPS, the UPS Store, and at PostNet have been successfully removed or corrected from the voter rolls.

These 43 voters were removed prior to the 2022 General Election and prevented from voting.

Ian Camacho, Director of Research, made the following comment:

This is additional validation of the work found by LAA's volunteers. While State Senator and failed Secretary of State candidate Bee Nguyen attacked our work, it has been vindicated by a 100% success rate when county election officials actually consider the evidence.

Georgia Secretary of State Brad Raffensperger never bothered to address this evidence himself, despite us providing it to him on a statewide basis two years ago.

Look Ahead America will continue to be an active watchdog on behalf of election integrity.
