## **Look Ahead Launches J6 Question Project**

Washington, DC –Today, Look Ahead America announced the launch of their J6 Question Project that encourages citizens to submit video recordings of themselves asking federal candidates what they are going to do about the patriots who have been politically persecuted.

Look Ahead America’s Executive Director Matt Braynard made the following statement:

For the last year, Look Ahead America has successfully held approximately seventy events across the country to raise the profile the hundreds of Americans who have been politically persecuted. Now is the time to turn that public awareness into action by confronting candidates for public office and recording their statements on what they plan to do about our brothers and sisters who have been persecuted not for what they have done but for what they believe.

We encourage all of our fellow Americans to ask candidates for Federal office the following question: What are you going to do about the patriots who are being politically persecuted for their participation in the January 6<sup>th</sup> Capitol Protest?

This is a question we would like to see posed to every candidate regardless of party or incumbency.

We invite supporters to submit those videos to us at [lookaheadamerica.org/j6question](https://lookaheadamerica.org/j6question) so that we may publicize those videos and create an index of candidates answer to better inform the electorate.
