Braynard: “September 18 #JusticeforJ6 Rallies in DC, NC, WA Massive Success, Many More to Come” [Schedule Below]

Washington, DC – Look Ahead America Executive Director Matt Braynard made the following statement.

Our rally at the US Capitol accomplished so much. It raised the profile of the nonviolent political prisoners who have been denied due process and justice on the basis of their political beliefs. It demonstrated that public spaces and the First Amendment are not off limits to the America First Right. And despite the fear porn spread by those on the sidelines, all of our attendees made it home safe.

Our events in North Carolina and Washington State were similarly successful, and we are pushing forward with our rallies in thirteen additional states to petition the state governments to pass resolutions instructing their federal representatives to take action.
