 USPS Voter List as of 7 29 22 final.pdf (~160 KB)

Good afternoon Mr. Camacho and happy Tuesday!

On August 3, 2022, the Rockdale County Board of Elections challenged the eligibility of 43 voters registered in Rockdale County at P.O. Boxes. Prior to the hearing, four voters responded and provided residential addresses, which updated their registration record. The Board voted unanimously to remove the remaining 39 voters who did not respond to any notices to update their voter registration nor to the notice to appear at the public hearing.

Attached is a list of each of the voters and if marked no, for information provided, they were removed as voters in Rockdale County. Please note that these voters may or may have re-registered to vote since they were removed in August 2022. Each of these voters were made aware that Georgia Law prohibits them from using a P O Box as their residential address.

Thanks and let us know if you have any further questions on this matter.

Hi Cynthia,

Wanted to follow up on this as it was from 4 months ago.

What was the outcome of these voters and the investigation?

Kind Regards,

Ian Camacho

Good afternoon and Happy Monday Mr. Camacho, we have sent letters to those who's residential address is reflected as a P O Box. They have 30 days to respond. The 30 days will not be up until August 6 at which time, if there are no response we will hold a hearing to challenge their voter registration and whether they should remain a voter in Rockdale County.

I will give you an update on the outcome.

Thanks and enjoy your day.

Dear Ms. Willingham,

I meant to reply earlier and say thank you.

What was the outcome of the investigation into these voters and addresses? Did you need additional information from my end?

Hope you have a great 4th of July!

Kind Regards,

Ian Camacho

Good Morning Mr. Camacho and Happy Tuesday, I will immediately begin looking into this matter and will take the necessary actions to challenge any voters who are using a PO Box as their residential address.

Thank you for bringing this matter to our attention.

Subject: 12 Rockdale County Questionable Voter Registrations & Voters at the USPS, the UPS Store, and PostNet

Dear Ms. Willingham and Ms. Rutledge,

We are bringing to your attention 12 voters in Rockdale County who appear to be registered at and appear to have voted from the USPS, the UPS Store, and PostNet as their residential address as of the 2020 General Election.

While you may have already removed these voters from your rolls, if you missed them then we are notifying you as these registrations could suggest an intent to hide the nature of their addresses by marking them as a unit, suite, or apartment, or it could simply be a clerical error, or it could be something else like a grandfather clause.

To be clear, these are not the voters' listed mailing addresses, but their listed residential addresses. Many voters we found either had no mailing address or the residential address was the same as the mailing address, which was linked to a nonresidential location - meaning transposition or clerical error would not be possible or explain the reasoning. (See attached severity rankings sheet.)

We also reviewed the relevant state voter registration laws to confirm that these voters were not qualified to vote from a nonresidential location under any lawful exemptions before making our determination. This is not permitted according to the Georgia voter registration laws:

<https://law.justia.com/codes/georgia/2020/title-21/chapter-2/article-6/section-21-2-217/>
<[>](https://urldefense.com/v3/https://law.justia.com/codes/georgia/2020/title-21/chapter-2/article-6/section-21-2-217/)

A. In determining the residence of a person desiring to register to vote or to qualify to run for elective office, the following rules shall be followed so far as they are applicable:

1. The residence of any person shall be held to be in that place in which such person's habitation is fixed, without any present intention of removing therefrom;

We request an investigation into these individuals who appear to have registered and voted from what appears to be a nonresidential location. If this is indeed an intentionally fraudulent registration, then we would like at minimum to have the voter rolls cleaned of these names of course, but ideally they should be prosecuted if they intentionally deceived the county registrars and state of Georgia.

If you have any questions or if you need further assistance, please do not hesitate to contact me. We look forward to hearing from you soon.

Kind Regards,

Ian Camacho
