Summary

In July 2021, Look Ahead America (LAA) published The Wisconsin Report.¹ In that report, LAA determined that the 2020 General Election outcome in Wisconsin was unknowable due to questionable and illegally registered voters who cast ballots. The number of suspect ballots exceeded the margin of victory. After that report, Director of Research Ian Camacho submitted the Research Group's findings to all the related municipal clerks giving them the opportunity to clean up their voter rolls and even consider investigations in a few particularly egregious cases.² ³ ⁴ Some of the clerks were quite cooperative and removed ineligible voters and, in some cases, even referred the voters for criminal investigations. Unfortunately, far more failed to respond, obstructed the process, or lied in their responses. The Wisconsin Elections Commission (WEC) had also sent out a notification to all 1,850 municipal clerks, stating "You have discretion to determine whether the information provided in support of the claim is reliable and whether you need to take any steps in response" after implying that the group's work was not reliable or was partisan (despite no evidence to support either claim).⁵

LAA's Research Group reviewed the voter rolls once again to determine whether or not these voters were removed, or whether they re-qualified to vote since 2020 (i.e. moved back into Wisconsin or now in school). Although a few were removed, many still remained on the rolls.

Thus, since August 2022 LAA reached out to Wisconsin citizens asking for their assistance to file formal complaints with the WEC against both offending voters and the clerks neglecting their duties. In each case, complaints cited both the civil and criminal statutes violated. Ian Camacho made sure to speak with WEC attorneys to ensure that volunteers would file these correctly in terms of citations and formatting. He and other research volunteers also pre-filled these forms for the Wisconsin volunteers to file. The group also studied a number of the rejected WEC complaints to see why they were rejected. Many were out of their jurisdiction (i.e. against President Obama and federal employees) or were due to a blatant conflict of interest and also not covered in the legal statutes (i.e. filing a WEC complaint against the WEC itself, which requests the board of the WEC to investigate itself).

These are specific and provide the proper primary source citations and evidence to get the rolls cleaned up, hold people accountable for breaking laws, remove incompetent and corrupt clerks from their roles, and provide morale for Wisconsin citizens. Additionally, they show citizens examples of how to file properly so they can get involved in this much needed voter roll cleanup. While this process may not be as fast or efficient as people would wish, we show that they have these tools at their disposal and can be effective if wielded properly.

While unfortunately, the WEC has rejected nine of the complaints without a stated justification thus far, even when a volunteer has asked for details. As always, LAA has “brought the receipts” and presented the documents in redacted form for the review of anybody interested so that they may make their own judgments.

Acknowledgements

Special thanks to all the volunteers who stepped up in Wisconsin, and particularly to those who brought these to completion in the counties of Dane, Kenosha, Milwaukee, Racine, and Sheboygan. You know who you are and we commend you as your work will become public record. We hope that you see a positive difference in your counties and communities soon.

Many thanks go to @JustinLowe who reached out to volunteers from several Wisconsin counties, and without whom we would not have been able to do this work.

Also, many thanks go to @sunrise and to @lalibrarian for their meticulous research and verification of the citations, the evidence, and the voters prior to submitting to the relevant Wisconsin volunteers. And of course, thank you to @CherylT and @Pomilui for both proofreading this report.

Finally, thank you to the donors for assisting us in reimbursing these volunteers’ printing, mailing and postage, and notary expenses incurred in the process of filing these complaints.

The Complaint of _____, Complainant(s) against _____

_____, Respondent, whose address is 6907 UNIVERSITY AVE UNIT 275, MIDDLETON WI 53562

This complaint is under _____ (Insert the applicable sections of law in chs. 5 to 10 and 12 and other laws relating to elections and election campaigns, other than laws relating to campaign financing)

I, _____, allege that:

_____ registered to vote at 6907 UNIVERSITY AVE, UNIT 275 MIDDLETON WI 53562, a P.O. box at a UPS Store. In addition, he has since changed his registration to another ineligible location at 2016 Maple Ave, Unit 203, Marinette, WI 54143-9998, a USPS in Marinette County.

As the WEC knows, the UPS Store and USPS are not habitations and they are considered nonresidential as listed on county property records.

It should be noted that _____ has no exemptions under these statutes by claiming use of business addresses. Therefore, this points to evidence of his willful violations of Wis. Stat. § 5.05; § 6.10(1),(2)&(4); § 12.13(1)(a)&(b); § 12.13(3)(g),(i),(u),(w)&(zm).

[SEE ATTACHED 13 PAGES OF DOCUMENTATION & EVIDENCE, FOLLOWED BY NOTARY PAGE]

Civil/Procedural violations under § 6.10: Elector residence

- (1) Residence as a qualification for voting shall be governed by the following standards:
The residence of a person is the place where the person's habitation is fixed, without any present intent to move, and to which, when absent, the person intends to return.**
- (2) When a married person's family resides at one place and that person's business is conducted at another place, the former place establishes the residence. If the family place is temporary or for transient purposes, it is not the residence.**

- (4) The residence of an unmarried person sleeping in one ward and boarding in another is the place where the person sleeps. The residence of an unmarried person in a transient vocation, a teacher or a student who boards at different places for part of the week, month, or year, if one of the places is the residence of the person's parents, is the place of the parents' residence unless through registration or similar act the person elects to establish a residence elsewhere. If the person has no parents and if the person has not registered elsewhere, the person's residence shall be at the place that the person considered his or her residence in preference to any other for at least 28 consecutive days before an election. If this place is within the municipality, the person is entitled to all the privileges and subject to all the duties of other citizens having their residence there, including voting.**

In addition, he is in violation of the following criminal violations:

§12.13(1)(a) & (b); §12.13(3)(g),(i),(u),(w)&(zm)

§12.13: Election Fraud

- (1) Electors. Whoever intentionally does any of the following violates this chapter:**
 - (a) Votes at any election or meeting if that person does not have the necessary elector qualifications and residence requirements.**

 - (b) Falsely procures registration or makes false statements to the municipal clerk, board of election commissioners or any other election official whether or not under oath.**

- (3) Prohibited acts. No person may:**
 - (g) Falsify any statement relating to voter registration under chs. 5 to 12.**

 - (i) Falsely make any statement for the purpose of obtaining or voting an absentee ballot under ss. 6.85 to 6.87.**

(u) Provide false documentation of identity for the purpose of inducing an election official to permit the person or another person to vote.

(w) Falsify a ballot application under s. 6.18.

(zm) Willfully provide to a municipal clerk false information for the purpose of obtaining a confidential listing under s. 6.47 (2) for that person or another person.

In light of both the procedural/civil complaints listed above under Wis. Stat. § 6.10 and criminal acts under Wis. Stat. § 5.05 and Wis. Stat. § 12.13, the WEC must review the following evidence presented below.

██████████ has continued to illegally register at P.O. Boxes for voting purposes.

██████████ registered to vote on November 4, 2014 at a UPS Store. To be clear, this is not his mailing address.

First, this location is clearly a UPS Store:

Note that the property record is listed as G2, which indicates a commercial location/

In light of this information, two email notifications of election clerks by Mr. Ian Camacho from Look Ahead America sent on May 5, 2022 and June 21, 2022, but there was no notice received as to whether he was removed or penalized. Regardless of whether formal notice was sent from the clerk to ██████████, he changed his address to another ineligible location listed at 2016 Maple Ave, Unit 203, Marinette, WI 54143-9998 at the USPS in Marinette County.

This "corrected" address also raises questions as to whether he was even legally permitted to vote in Dane County in 2020 when considering that he changed to not only an ineligible and illegal location using the same masking technique, but changed to an address in Marinette County, potentially to evade detection from the county clerks in Dane County.

Here is evidence that this location is also at a USPS:

<https://tools.usps.com/find-location.htm?location=1371863> – USPS website

<https://www.google.com/maps/place/2016+Maple+Ave,+Marinette,+WI+54143/@45.0990679,-87.6337822,20z/data=!4m5!3m4!1s0x4d52af10d7262dbb:0x7af99cc35a4290bc!8m2!3d45.0990679!4d-87.6335301> – Google Map results show the USPS address without apartments nearby.

https://mcgis.marinettecounty.com/2019_Tax_Bills/251-02022.000.PDF – Tax bills from 2019 (most current) show this to be the case as well.

Therefore, his voting pattern indicates a pattern of intent to deceive the various registrars, WEC, and the WI SOS using both a UPS Store and again the USPS to register to vote (not merely mailing addresses) at ineligible addresses

Additionally, he used "Unit" instead of "P.O. Box" in his residential address to give the impression of an apartment, suite, or unit, a partition-type location. This is further evidence which points to an intent to hide the true nature of the location, as it would be rejected if he listed the actual nature of the address, which is a nonresidential mailing location.

Based on this information, I am challenging his eligibility and also requesting a full investigation into this voter who has committed what appears to be illegal registrations not just initially but potentially even after a mailed notification by the county clerk.

§ 6.10 **Elector residence:**

Residence as a qualification for voting shall be governed by the following standards:

- (1) Residence as a qualification for voting shall be governed by the following standards:
The residence of a person is the place where the person's habitation is fixed, without any present intent to move, and to which, when absent, the person intends to return.
- (2) When a married person's family resides at one place and that person's business is conducted at another place, the former place establishes the residence. If the family place is temporary or for transient purposes, it is not the residence.

- (10) If a person moves to another state with an intent to make a permanent residence there, or, if while there the person exercises the right to vote as a citizen of that state by voting, the person loses Wisconsin residence.

§ 6.86 **Methods for obtaining an absentee ballot:**

The application form and instructions shall be prescribed by the commission, and furnished upon request to any elector by each municipality. The envelope containing the absentee ballot shall be clearly marked as not forwardable. If any elector is no longer indefinitely confined, the elector shall so notify the municipal clerk.

In addition, she is in violation of the following criminal violations:

(i) Falsely make any statement for the purpose of obtaining or voting an absentee ballot under ss. 6.85 to 6.87.

Court and voter registration records confirm she is the current owner of both properties as well as has the same the date of birth on both voter registries. Information obtained from the Florida Department of State confirmed the subject cast an in-person ballot in the state of Florida for the 2018 and 2020 general elections. As such the subject was a double voter in the state of Wisconsin and Florida for the 2018 and 2020 general elections.

Based on the available data, the subject voted both in Wisconsin (by absentee ballot) and in Florida (in person) in the November 2020 election thus confirming a double voter determination.

The fact that she voted in person in Florida indicates that she was not indefinitely confined, let alone the fact that she traveled across the country.

Re: Dismissal of Complaint Filed with Wisconsin Elections Commission
Case No.: EL 22-67, [Redacted]

Dear [Redacted]

At its October 10, 2022, meeting, the Commission unanimously passed a motion in closed session approving the following statements in this letter:

This communication is to inform you that the verified complaint you filed against [Redacted] was dismissed by the Wisconsin Elections Commission (Commission) at its October 10, 2022, meeting.

The Wisconsin Elections Commission finds that the complaint of [Redacted] does not present reasonable suspicion under Wis. Stat. § 5.05(2m)(c)4. that [Redacted] violated Wis. Stats. §§ 6.10(1), (2), & (10); 6.86(2)(a); 12.13(1)(a), (b), & (e); or 12.13(3)(g), (i), & (w) and hereby dismisses the complaint.

You should be aware that the Commission takes allegations of voter fraud very seriously and has the authority under Wis. Stat. § 5.05(2m)(c)2.am. to “order the complainant to forfeit not more than the greater of \$500 or the expense incurred by the commission in investigation the complaint” should it find by a preponderance of the evidence that a complaint is frivolous. Please consider this before initiating additional complaints.

If you have any questions, please feel free to contact the Commission at (608) 261-2028 or elections@wi.gov.

Sincerely,

Kelly McCormick

This complaint is under _____ (Insert the applicable sections of law in chs. 5 to 10 and 12 and other laws relating to elections and election campaigns, other than laws relating to campaign financing)

I, _____, allege that:

_____ registered to vote at _____ Georgia 30291 on October 5, 2020,

the day after casting an indefinitely confined absentee ballot in Wisconsin for the 2020 General Election on October 4, 2020.

This is more than 28 days before the election date of November 3, 2020 (30 days) as required in Wis. Statute 6.10(4).

The fact that she waited until the day after voting is indication of intent. She also established a business on November 1, 2020 at this address in Georgia

and also 4 months prior in June 2020 she had filed a permanent national change of address with the USPS.

This is evidence of her willful violations of Wis. Stat. § 5.05; §6.10(1),(4)&(10); §6.86(2)(a); §12.13(1)(a)&(b); §12.13(3)(g),(l)&(w).

Civil/Procedural violations under:

§ 6.10 Elector residence:

Residence as a qualification for voting shall be governed by the following standards:

- (1) Residence as a qualification for voting shall be governed by the following standards: The residence of a person is the place where the person's habitation is fixed, without any present intent to move, and to which, when absent, the person intends to return.**

- (4) The residence of an unmarried person sleeping in one ward and boarding in another is the place where the person sleeps. The residence of an unmarried person in a transient vocation, a teacher or a student who boards at different places for part of the week, month, or year, if one of the places is the residence of the person's parents, is the place of the parents' residence unless through registration or similar act the person elects to establish a residence elsewhere. If the person has no parents and if the person has not registered elsewhere, the person's residence shall be at the place that the person considered his or her residence in preference to any other for at least 28 consecutive days before an election. If this place is within the municipality, the person is entitled to all the privileges and subject to all the duties of other citizens having their residence there, including voting.**

- (10) If a person moves to another state with an intent to make a permanent residence there, or, if while there the person exercises the right to vote as a citizen of that state by voting, the person loses Wisconsin residence.**

§ 6.86 Methods for obtaining an absentee ballot:

- (2) (a) An elector who is indefinitely confined because of age, physical illness or infirmity or is disabled for an indefinite period may by signing a statement to that effect require that an absentee ballot be sent to the elector automatically for every election. The application form and instructions shall be prescribed by the commission, and furnished upon request to any elector by each municipality. The envelope containing the absentee ballot shall be clearly marked as not forwardable. If any elector is no longer indefinitely confined, the elector shall so notify the municipal clerk.**

In addition, she is in violation of the following criminal violations:

§ 12.13 Election fraud:

- (1) Electors. Whoever intentionally does any of the following violates this chapter:**

(a) Votes at any election or meeting if that person does not have the necessary elector qualifications and residence requirements.

(b) Falsely procures registration or makes false statements to the municipal clerk, board of election commissioners or any other election official whether or not under oath.

(3) Prohibited acts. No person may:

(i) Falsely make any statement for the purpose of obtaining or voting an absentee ballot under ss. 6.85 to 6.87.

(w) Falsify a ballot application under s. 6.18.

In light of both these procedural/civil complaints listed above under Wis. Stat. § 5.05, § 6.10, and § 6.86, and the criminal ones under § 12.13, the WEC must review the following evidence:

According to the Wisconsin voter rolls, she was registered in Wisconsin on November 6, 2018 and voted in the 2018 and 2020 General Elections.

Additionally, she cast a ballot October 4, 2020 as an indefinitely confined voter:

Yet the very next day she registered to vote in Georgia on October 5, 2020 using a Georgia residence, which indicated a permanent intent to move, and that she had already obtained the address prior, which at minimum cancels out the Wisconsin registration and violated 6.10:

Re: Dismissal of Complaint Filed with Wisconsin Elections Commission
Case No.: EL 22-73, [REDACTED]

Dear [REDACTED]

This communication is to inform you that the verified complaint you filed against [REDACTED] alleging violations of Wis. Stats. §§ 6.10(1), (4), & (10); 6.86(2)(a); and 12.13(1)(a) & (b), (3)(g), (i), & (w), was dismissed by the Wisconsin Elections Commission (Commission) at its October 10, 2022, meeting.

The Commission passed a motion by a 5-0-1 vote in closed session that included complaint EL 22-73:

The Commission fails to find that there is a reasonable suspicion that a violation under Wisconsin State Statute § 5.05(2m)(c)4. has occurred or is occurring in these matters, and the Commission hereby dismisses the complaints.

Stat. § 5.05(2m)(c)2.am. to “order the complainant to forfeit not more than the greater of \$500 or 1 expense incurred by the commission in investigation the complaint” should it find by a preponderance of the evidence that a complaint is frivolous. Please consider this before initiating additional complaints.

If you have any questions, please feel free to contact the Commission at (608) 261-2028 or elections@wi.gov.

This complaint is under _____ (Insert the applicable sections of law in chs. 5 to 10 and 12 and other laws relating to elections and election campaigns, other than laws relating to campaign financing)

I, _____ allege that:

_____ has not been eligible to vote in Wisconsin since 2019. The national change of address records show that she moved to _____ Rapid City, SD, 57701 in September 2019. According to her LinkedIn profile, _____ was employed as _____ (Rapid City, SD) from July 2019 to April 2021 and a resident of South Dakota at the time of the 2020 General Election. Despite her ineligibility, _____ requested a Wisconsin absentee ballot on the grounds of being "indefinitely confined" and improperly voted by returning that ballot to Wisconsin. Currently, she resides and works in Pennsylvania. Accordingly, I am filing a 5.05 complaint against _____. I allege that she violated Wisconsin Statutes 6.10(1),(4)&(10);8.88(2)(a);12.13(1)(a)&(b); 12.13(3)(g),(l)&(w). Seven pages of evidence are attached, as well as the notarized signature page for the full complaint.

Civil/Procedural violations under:

§ 6.10 Elector residence:

Residence as a qualification for voting shall be governed by the following standards:

The residence of an unmarried person in a transient vocation, a teacher or a student who boards at different places for part of the week, month, or year, if one of the places is the residence of the person's parents, is the place of the parents' residence unless through registration or similar act the person elects to establish a residence elsewhere. If the person has no parents and if the person has not registered elsewhere, the person's residence shall be at the place that the person considered his or her residence in preference to any other for at least 28 consecutive days before an election. If this place is within the municipality, the person is entitled to all the privileges and subject to all the duties of other citizens having their residence there, including voting.**
- (10) If a person moves to another state with an intent to make a permanent residence there, or, if while there the person exercises the right to vote as a citizen of that state by voting, the person loses Wisconsin residence.**

§ 6.86 Methods for obtaining an absentee ballot:

(2)(a) An elector who is indefinitely confined because of age, physical illness or infirmity or is disabled for an indefinite period may by signing a statement to that effect require that an absentee ballot be sent to the elector automatically for every election. The application form and instructions shall be prescribed by the commission, and furnished upon request to any elector by each municipality. The envelope containing the absentee ballot shall be clearly marked as not forwardable. If any elector is no longer indefinitely confined, the elector shall so notify the municipal clerk.

§ 12.13 Election fraud:

- (1) Electors. Whoever intentionally does any of the following violates this chapter:

(a) Votes at any election or meeting if that person does not have the necessary elector qualifications and residence requirements.**

(b) Falsely procures registration or makes false statements to the municipal clerk, board of election commissioners or any other election official whether or not under oath.

Property searches link [REDACTED] to the Wisconsin property via her parents. The property in Rapid City, South Dakota is a rental property that could not be personally linked to her; however, her employment as a [REDACTED] Rapid City at the time is documented by various primary sources. Based on her LinkedIn timeline, she was living and working in Rapid City from July 2019 until April 2021. Her YouTube video also revealed she was an [REDACTED] (Rapid City). Her date of birth was verified based on the birthday wishes from her father on his Facebook profile.

Based on these facts, [REDACTED] was a resident of South Dakota at the time of the November 2020 election and ineligible to vote in Wisconsin at that time. The ballot she cast was invalid. She is currently employed by [REDACTED] in Altoona, PA. Both voteref.com and myvote.wi.gov indicate that she still has an active voter registration in Wisconsin. As a non-resident, her current registration must be removed from the Wisconsin voter roll.

Summary

██████████ and got a job in Arlington, VA in 2018, two years before the 2020 election in Wisconsin. She was clearly not a resident of Wisconsin when she filed for a Wisconsin absentee ballot to be delivered to Washington DC. She was neither a student nor military and thus had no exemptions, nor was she qualified under Wis. Statute 6.20 and 6.85.

Note that statute 6.10.4 specifies that a single voter's family home still qualifies as a residence for voting purposes, if the voter resides in another location for "part of the week, month or year". ██████████ had been living out of state for two years when she was granted an absentee ballot, and now, in 2022, it is four years.

Therefore, she must be removed from the voter rolls.

Dear [REDACTED]

This communication is to inform you that the verified complaint you filed against [REDACTED] alleging violations of Wis. Stats. §§ 6.10(1), (4), & (10); and 12.13(1)(a) & (b), (3)(g), (i), & (w), was dismissed by the Wisconsin Elections Commission (Commission) at its October 10, 2022, meeting.

The Commission passed a motion by a 5-0-1 vote in closed session that included complaint EL 22-74:

I, _____, allege that:

_____ voted by absentee ballot in Wisconsin in the 2020 General Election using the address of her former Wisconsin home. The Complaint of _____

_____, Complainant(s) against

_____, Respondent, whose

address is 7426 Hubbard Ave. Middleton, WI 53562 (work address)

This complaint is under _____ (Insert the applicable sections of law in chs. 5 to 10 and 12 and other laws relating to elections and election campaigns, other than laws relating to campaign financing)

I, _____, allege that:

On May 23 and June 21, 2022 Ian Camacho, Director of Research with Look Ahead America, Inc. notified both Ms. Burns and Ms. Marx

about a Wisconsin/Florida double-voter who also illegally claimed indefinitely confined status in the 2018 and 2020 General Elections

_____. This voter not only remains active on the Wisconsin voter rolls, but cast a ballot in the most recent primary election.

It was apparent that nothing had been done with the material as Mr. Camacho then contacted the Dane County District Attorney via email on August 17, 2022.

Paralegal Alexandra Grayvoid responded the following day via email that the office would forward the data to their investigators

and DA Ozanne as it was the first they heard of this material and allegation. Thus, I am filing a §5.06 complaint alleging that these 2 clerks

violated Wis. Statutes §6.56(4), §6.86(2)(b), §6.86(2m)(a), §12.13(2)(a), §12.13(b)(3) [see 5 attached pages of evidence].

6.56 Verification of voters not appearing on list.

(4) After each election, the municipal clerk shall perform an audit to assure that no person has been allowed to vote more than once. Whenever the municipal clerk has good reason to believe that a person has voted more than once in an election, the clerk shall send the person a 1st class letter marked in accordance with postal regulations to ensure that it will be returned to the clerk if the elector does not reside at the address given on the letter. The letter shall inform the person that all registrations relating to that person may be changed from eligible to ineligible status within 7 days unless the person contacts the office of the clerk to clarify the matter. A copy of the letter and of any subsequent information received from or about the addressee shall be sent to the district attorney for the county where the person resides and the commission.

6.86 Methods for obtaining an absentee ballot.

(2)(b) The mailing list established under this subsection shall be kept current through all possible means. If an elector fails to cast and return an absentee ballot received under this subsection, the clerk shall notify the elector by 1st class letter or postcard that his or her name will be removed from the mailing list unless the clerk receives a renewal of the application within 30 days of the notification. The clerk shall remove from the list the name of each elector who does not apply for renewal within the 30-day period. The clerk shall remove the name of any other elector from the list upon request of the elector or upon receipt of reliable information that an elector no longer qualifies for the service. The clerk shall notify the elector of such action not taken at the elector's request within 5 days, if possible.

(2m)(a) Except as provided in this subsection, any elector other than an elector who receives an absentee ballot under sub. (2) or s. 6.22 (4) or 6.24 (4) (c) may by written application filed with the municipal clerk of the municipality where the elector resides require that an absentee ballot be sent to the elector automatically for every election that is held within the same calendar year in which the application is filed. The application form and instructions shall be prescribed by the commission, and furnished upon request to any elector by each municipal clerk. The municipal clerk shall thereupon mail an absentee ballot to the elector for all elections that are held in the municipality during the same calendar year that the application is filed, except that the clerk shall not send an absentee ballot for an election if the elector's name appeared on the registration list in eligible status for a previous election following the date of the application but no longer appears on the list in eligible status. The municipal clerk shall ensure that any envelope containing the absentee ballot is clearly marked as not forwardable. If an elector who files an application under this subsection no longer resides at the same address that is indicated on the application form, the elector shall so notify the municipal clerk. **The municipal clerk shall discontinue mailing absentee ballots to an elector under this subsection upon receipt of reliable information that the elector no longer qualifies as an elector of the municipality. In addition, the municipal clerk shall discontinue mailing absentee ballots to an elector under this subsection if the elector fails to return any absentee ballot mailed to the elector. The municipal clerk shall**

notify the elector of any such action not taken at the elector's request within 5 days, if possible. An elector who fails to cast an absentee ballot but who remains qualified to receive absentee ballots under this subsection may then receive absentee ballots for subsequent elections by notifying the municipal clerk that the elector wishes to continue receiving absentee ballots for subsequent elections.

12.13 Election Fraud:

(2) Election officials.

(a) The willful neglect or refusal by an election official to perform any of the duties prescribed under chs. 5 to 12 is a violation of this chapter.

(b) No election official may:

(3) Permit registration or receipt of a vote from a person who the official knows is not a legally qualified elector or who has refused after being challenged to make the oath or to properly answer the necessary questions pertaining to the requisite requirements and residence; or put into the ballot box a ballot other than the official's own or other one lawfully received.

Dear Ms. Burns and Ms. Marx,

I am following up with you regarding my inquiry last month about a voter who potentially registered out of state before the 2020 General Election and voted in Wisconsin during the 2020 General Election. She also appears to have double voted in Wisconsin and Florida.

Additionally, she claimed to be indefinitely confined, which is impossible if she was living out of state as it is for a Wisconsin resident (not Wisconsin citizen or elector).

We request an investigation into this individual who appears to have registered out of state prior to the election and voted as if in Wisconsin. If this is indeed a fraudulent registration, then we would like at minimum to have the voter rolls cleaned of their name, but ideally consider prosecution if they intentionally deceived the county registrars and state of Wisconsin.

Please keep us posted of the results of the investigation into this voter, thank you!

Please find a voter in your municipality who appears to have moved out of the state of Wisconsin, registered to vote in Florida, and returned to vote in Wisconsin in the 2020 General Election. She also appears to have voted in both states.

Both state records show the same exact full name and birth dates, and in addition to checking voter registration records, we have social media and third party information that shows these are the same person who was in both states.

While it is always possible that we made in error, we would like you to check the related state (column AZ) to confirm that they are registered there and did so prior to voting in the last general election.

If you need copies of the social media records, third party data, etc. then please don't hesitate to contact me.

Thank you for time and investigation into this matter.

Subject: Dane County WI / Pinellas County FL Double Voter (per NCOA) and out of state subsequent voter

Dear Mr. Ozanne,

I'm including evidence for what appears to be a double voter in the 2020 election that we found using the NCOA records, and found that this is the same person at both locations. I had submitted this voter to the Middleton County Clerk but heard no response. Additionally, she registered in Florida after registering in Wisconsin (which nullified her registration in Wisconsin), but (double) voted in Wisconsin anyway.

I, _____, allege that:
_____ has not been eligible to vote in Wisconsin since 2020. She moved to _____ Frisco, TX 75035 in August 2019 under the national change of address records (July in property records), registered to vote there, and yet voted in 2020 via absentee ballot while claiming to be indefinitely confined. _____ who divorced in 2019, cannot claim special privileges as a married person.

As such, I am filing a 5.05 complaint against _____ and allege that she violated Wisconsin Statutes 6.10(1),(4)&(10);6.86(2)(a);12.13(1)(a)&(b);12.13(3)(g),(i)&(w).
See the attached 7 pages for evidence, and the notarized signature page for the full complaint.

Civil/Procedural violations under:

§ 6.10 Elector residence:

Residence as a qualification for voting shall be governed by the following standards:

- (1) Residence as a qualification for voting shall be governed by the following standards:
The residence of a person is the place where the person's habitation is fixed, without any present intent to move, and to which, when absent, the person intends to return.
- (4) The residence of an unmarried person sleeping in one ward and boarding in another is the place where the person sleeps. The residence of an unmarried person in a transient vocation, a teacher or a student who boards at different places for part of the week, month, or year, if one of the places is the residence of the person's parents, is the place of the parents' residence unless through registration or similar act the person elects to establish a residence elsewhere. If the person has no parents and if the person has not registered elsewhere, the person's residence shall be at the place that the person considered his or her residence in preference to any other for at least 28 consecutive days before an election. If this place is within the municipality, the person is entitled to all the privileges and subject to all the duties of other citizens having their residence there, including voting.
- (10) If a person moves to another state with an intent to make a permanent residence there, or, if while there the person exercises the right to vote as a citizen of that state by voting, the person loses Wisconsin residence.

§ 6.86 Methods for obtaining an absentee ballot:

- (2)(a) An elector who is indefinitely confined because of age, physical illness or infirmity or is disabled for an indefinite period may by signing a statement to that effect require that an absentee ballot be sent to the elector automatically for every election. The application form and instructions shall be prescribed by the commission, and furnished upon request to any elector by each municipality. The envelope containing the absentee ballot shall be clearly marked as not forwardable. If any elector is no longer indefinitely confined, the elector shall so notify the municipal clerk.

§ 12.13 Election fraud:

- (1) Electors. Whoever intentionally does any of the following violates this chapter:
 - (a) Votes at any election or meeting if that person does not have the necessary elector qualifications and residence requirements.

(b) Falsely procures registration or makes false statements to the municipal clerk, board of election commissioners or any other election official whether or not under oath.

(3) Prohibited acts. No person may:

(g) Falsify any statement relating to voter registration under chs. 5 to 12.

(i) Falsely make any statement for the purpose of obtaining or voting an absentee ballot under ss. 6.85 to 6.87.

(w) Falsify a ballot application under s. 6.18.

She also claimed to be indefinitely confined but was able to move across the country during the time in question. The fact that she moved to another state alone is evidence that she was not, in addition to her lack of physical limitations or infirmities present in her Facebook posts.

Therefore, she was ineligible to vote in 2020 as she moved out of state months prior to the general election, voted under false pretenses with intent to move permanently, and remains on the voter rolls. [REDACTED] needs to be removed from the rolls and further investigated.

Re: Dismissal of Complaint Filed with Wisconsin Elections Commission
Case No.: EL 22-76, [Redacted]

Dear [Redacted]

This communication is to inform you that the verified complaint you filed against [Redacted] alleging violations of Wis. Stats. §§ 6.10(1), (4), & (10); 6.86(2)(a); and 12.13(1)(a) & (b), (3)(g), (i), & (w), was dismissed by the Wisconsin Elections Commission (Commission) at its October 10, 2022, meeting.

The Commission passed a motion by a 5-0-1 vote in closed session that included complaint EL 22-76:

The Commission fails to find that there is a reasonable suspicion that a violation under Wisconsin State Statute § 5.05(2m)(c)4. has occurred or is occurring in these matters, and the Commission hereby dismisses the complaints.

You should be aware that the Commission takes allegations of voter fraud very seriously and has the authority under Wis. Stat. § 5.05(2m)(c)2. am. to “order the complainant to forfeit not more than the greater of \$500 or the expense incurred by the commission in investigation the complaint” should it find by a preponderance of the evidence that a complaint is frivolous. Please consider this before initiating additional complaints.

If you have any questions, please feel free to contact the Commission at (608) 261-2028 or elections@wi.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kelly McCormick".

Voting activity older than 10 years is available by request to the Wisconsin Elections Commission. Please contact us at elections@wi.gov.

Given that [REDACTED] registered to vote 7 months before the 2020 General Election in Texas, she clearly had intention to permanently reside there. She not only failed to notify the Wisconsin clerk, but she also voted absentee in Wisconsin while aware that she registered to vote in Texas over half a year prior, in addition to purchasing a property there and also filing a national change of address form indicating a permanent move. She was neither a student nor military and thus had no exemptions, nor was qualified under Wis. Statute 6.20 and 6.85.

Therefore, she must not only be removed from the voter rolls, but she should be further investigated as it is clear that statutes were violated and intent is clear.

Re: Dismissal of Complaint Filed with Wisconsin Elections Commission
Case No.: EL 22-75, [Redacted]

Dear Daniel Miller:

This communication is to inform you that the verified complaint you filed against [Redacted] alleging violations of Wis. Stats. §§ 6.10(1), (4), & (10); 6.86(1)(a)1. - 6.; and 12.13(1)(a) & (b), (3)(g), (i), & (w), was dismissed by the Wisconsin Elections Commission (Commission) at its October 10, 2022, meeting.

The Commission passed a motion by a 5-0-1 vote in closed session that included complaint EL 22-75:

The Commission fails to find that there is a reasonable suspicion that a violation under Wisconsin State Statute § 5.05(2m)(c)4. has occurred or is occurring in these matters, and the Commission hereby dismisses the complaints.

You should be aware that the Commission takes allegations of voter fraud very seriously and has the authority under Wis. Stat. § 5.05(2m)(c)2. am. to “order the complainant to forfeit not more than the greater of \$500 or the expense incurred by the commission in investigation the complaint” should it find by a preponderance of the evidence that a complaint is frivolous. Please consider this before initiating additional complaints.

If you have any questions, please feel free to contact the Commission at (608) 261-2028 or elections@wi.gov.

The Complaint of _____, Complainant(s) against
Diahnn C. Halbach, WCMC & Patricia Solotra, Deputy Clerk, Respondent, whose
address is **300 N Pine Street Burlington, WI 53105**

This complaint is under ^{5.06, 6.56, 6.86, 12.13(2)(a)&(b), 12.13.(3)} _____ (Insert the applicable sections of law in chs. 5 to 10 and 12 and other laws relating to elections and election campaigns, other than laws relating to campaign financing)

I, _____, allege that:

Despite direct email communication from voter _____ on July 22, 2022 that she be removed from the voter rolls and prior notifications from Mr. Ian Camacho, Director of Research with Look Ahead America, on both May 25 and June 22, which confirmed that _____ was ineligible to vote in the municipality as she no longer resided in state, had no intention to return, and her emails stated that she has registered to vote in D.C., _____ still remains on the voter list. Not only did Ms. Halbach & Ms. Solotra choose to make the issue public to the voter by looping her in to Mr. Camacho and disclose his evidence so as to cause conflict between the two parties, she has still failed to remove the voter, and had also notified the WEC, indicating all parties know. This is a willful negligence of duties. Therefore, I am filing a Wis. Statute §5.06 complaint, citing Ms. Halbach & Ms. Solotra are in violation of Wis. Stat. §6.56, §6.85, §12.13(2)(a)&(b), §12.13.(3) [see attached 9 pages]

The clerks of the City of Burlington are in violation of the following civil / procedural statutes:

6.56 Verification of voters not appearing on list

(4) After each election, the municipal clerk shall perform an audit to assure that no person has been allowed to vote more than once. Whenever the municipal clerk has good reason to believe that a person has voted more than once in an election, the clerk shall send the person a 1st class letter marked in accordance with postal regulations to ensure that it will be returned to the clerk if the elector does not reside at the address given on the letter. The letter shall inform the person that all registrations relating to that person may be changed from eligible to ineligible status within 7 days unless the person contacts the office of the clerk to clarify the matter. A copy of the letter and of any subsequent information received from or about the addressee shall be sent to the district attorney for the county where the person resides and the commission.

Additionally, there is no exemption under 6.56 (6) as there is ample evidence to remove [REDACTED] from the voter list as she herself confirmed it as did Mr. Camacho.

(6) The municipal clerk may not disqualify an elector under this section except upon the grounds and in accordance with the procedures specified in s. 6.325.

6.325 Disqualification of electors. No person may be disqualified as an elector unless the municipal clerk, board of election commissioners or a challenging elector under s. 6.48 demonstrates beyond a reasonable doubt that the person does not qualify as an elector or is not properly registered. If it appears that the challenged elector is registered at a residence in this state other than the one where the elector now resides, the municipal clerk or board of election commissioners shall, before permitting the elector to vote, require the elector to properly register and shall notify the municipal clerk or board of election commissioners at the former residence. The municipal clerk or board of election commissioners may require naturalized applicants to show their naturalization certificates.

6.86 Methods for obtaining an absentee ballot.

(2)(b) The mailing list established under this subsection shall be kept current through all possible means. If an elector fails to cast and return an absentee ballot received under this subsection, the clerk shall notify the elector by 1st class letter or postcard that his or her name will be removed from the mailing list unless the clerk receives a renewal of the application within 30 days of the notification. The clerk shall remove from the list the name of each elector who does not apply for renewal within the 30-day period. **The clerk shall remove the name of any other elector from the list upon request of the elector or upon receipt of reliable information that an elector no longer qualifies for**

the service. The clerk shall notify the elector of such action not taken at the elector's request within 5 days, if possible. [see bold]

(2m) 6.86(2m)(a)(a) Except as provided in this subsection, any elector other than an elector who receives an absentee ballot under sub. (2) or s. 6.22 (4) or 6.24 (4) (c) may by written application filed with the municipal clerk of the municipality where the elector resides require that an absentee ballot be sent to the elector automatically for every election that is held within the same calendar year in which the application is filed. The application form and instructions shall be prescribed by the commission, and furnished upon request to any elector by each municipal clerk. The municipal clerk shall thereupon mail an absentee ballot to the elector for all elections that are held in the municipality during the same calendar year that the application is filed, except that the clerk shall not send an absentee ballot for an election if the elector's name appeared on the registration list in eligible status for a previous election following the date of the application but no longer appears on the list in eligible status. The municipal clerk shall ensure that any envelope containing the absentee ballot is clearly marked as not forwardable. If an elector who files an application under this subsection no longer resides at the same address that is indicated on the application form, the elector shall so notify the municipal clerk. **The municipal clerk shall discontinue mailing absentee ballots to an elector under this subsection upon receipt of reliable information that the elector no longer qualifies as an elector of the municipality. In addition, the municipal clerk shall discontinue mailing absentee ballots to an elector under this subsection if the elector fails to return any absentee ballot mailed to the elector. The municipal clerk shall notify the elector of any such action not taken at the elector's request within 5 days, if possible. An elector who fails to cast an absentee ballot but who remains qualified to receive absentee ballots under this subsection may then receive absentee ballots for subsequent elections by notifying the municipal clerk that the elector wishes to continue receiving absentee ballots for subsequent elections. [see bold]**

12.13 Election Fraud:

(2) Election officials.

(a) The willful neglect or refusal by an election official to perform any of the duties prescribed under chs. 5 to 12 is a violation of this chapter.

(b) No election official may:

(3) Permit registration or receipt of a vote from a person who the official knows is not a legally qualified elector or who has refused after being challenged to make the oath or to properly answer the necessary questions pertaining to the requisite requirements and residence; or put into the ballot box a ballot other than the official's own or other one lawfully received.

Furthermore, there is evidence that as of May 27, 2022, a month prior to the email communications between [REDACTED] Mr. Camacho, Ms. Halbach and Ms. Solafara, that [REDACTED] had registered to vote in Washington D.C.

It is interesting timing that only 2 days after notification from Mr. Camacho that [REDACTED] changed her registration, but [REDACTED] was copied on the response in June 2022. This would indicate that the clerk had notified [REDACTED] about the issue after Mr. Camacho's email and that she was circumventing the normal challenge process, while failing to remove [REDACTED]

In any event, the attached evidence should not only lead to removing [REDACTED] from the voter roll, but also indicate that these 2 clerks have been negligent of their duties and using inappropriate communication channels, failing to notify the voter by mail as required by law.

Hello,

I WAS a student until May of 2022, so I was a valid student with a permanent address in Wisconsin during all of the elections in which I still voted in Wisconsin. I just want to make sure you have your facts straight since I JUST graduated a month ago, and have not voted in WI since no longer being a student.

All the best, glad to end this conversation and have this resolved on my own terms.

Sincerely,

Dear Ms. [REDACTED]

I wasn't aware that submitting public records to town clerks on voters who filed a permanent National Change of Address status for review is now considered voter intimidation. As someone with multiple political degrees and as someone working in D.C., I'm disturbed to find that you consider working on voter integrity a waste of time, when we should be glad to see these clerks and the state of Wisconsin doing due diligence. Lastly, I also never accused you of or even used the word voter fraud, you used that phrasing.

Thank you for confirming you were not a student after Aug 2020, however, which is a valid reason to have been removed from the voter rolls as you have graciously done.

Good Afternoon All,

Due to the frustrating and somewhat uncalled for questioning of my voting integrity due to my two years as a student, I have decided to change my residency and voter registration to Washington D.C., despite a permanent address having legally and rightfully been in Wisconsin.

This being said, Dahn, you may remove me from the voting rolls in WI at this time. Should I move back when my student fellowship with the government is complete, I will change that back.

Mr. Camacho, having looked into your organization a bit, I would respectfully ask you and your colleagues to consider focusing more on the actual issues at hand and not wasting your time with quasi-voter intimidation of eligible students living out of state for their education. As someone with multiple degrees in politics, I would be more than happy to share my educational research on where voter fraud actually lies.

All the best,

Subject: Re: FW: 1 City of Burlington / Racine County Voter Permanently Moved Out of State (NCDA)

Good Afternoon,

I was a full time student up until just two weeks ago, with my full time permanent address still being with my parents at [REDACTED]

I have not become a permanent resident of Washington DC or Maryland (where I had resided during school sessions). Therefore, during any of the elections between 2020 and now, I have been a student. I still have a valid Wisconsin drivers license, and have had my parents address listed as my permanent address on school documentation. I am not sure if you need to see a transcript or anything of that nature to prove my residence.

At this time, I have not, and do not have a current intention, to fully change my license over to Washington DC. I still have a valid Wisconsin license through 2025, and have my permanent address in Burlington, WI with my family. I am remaining in DC to complete a two year Presidential Management Fellowship with the Federal Government for recent graduates and students, and planned on making permanent living decisions once that student fellowship had been completed and I know where I will be living full time. As of now, my permanent address is [REDACTED] and my mailing address is [REDACTED]

I hope this clears things up, and if I need to change it moving forward, that is absolutely fine. However, as of August 2020 and May 2022, I was a full time student and have not been part of any voter fraud. While I understand that this is a serious concern, as an individual with a graduate degree in political science and government who has worked for 2/3 branches of the Federal Government, I do not see there to be any legal precedents in regards to me having participated in ANY voter fraud, as I was a student. I am not sure if the state expected me to commute from Wisconsin to DC daily for my classes, and I don't see how this is any different from how I ever had a ballot mailed to me while I was in Undergrad in a different part of the state.

I look forward to hearing from you, and would be happy to provide any documentation as necessary. I also have plenty of faculty and colleagues with expertise in the area, including myself with my own credentials, should the state decide to unfairly move forward with anything. I know what they are trying to do, and am prepared to stand ground.

Dear Ms. Halbach and Ms. Solofra,

I am following up on my email from a month ago regarding a voter in your municipality who appears to have voted from out of state despite taking up permanent residence there according to the National Change of Address (NCOA) database.

Were you able to investigate this case and to make a determination?

Did you remove them from the voter rolls or look into prosecution for voting out of state if you found that they did not have a legal exception?

I've attached the case again for your review. Please keep me posted on the outcome. Thank you!

Dear Ms. Halbach and Ms. Solofra,

We are bringing to your attention a voter in your municipality and county who appears to have voted from out of state despite registering a permanent residence there according to the National Change of Address (NCOA) database.

The US Postal Service (USPS) maintains the National Change of Address database. It includes individuals who request to have their mail forwarded and provides the individual's original address, their new forwarding address, and indicates either a permanent or temporary move status. An individual submitting to the NCOA database online must submit an address-verified credit card for a token payment and as a means of authenticating residency.

We matched the entire voter registration database as obtained from the state of Wisconsin through a licensed vendor for matching by the USPS. (The licensed vendor does not conduct the matching process but rather the USPS does.) The NCOA database maintains records going back four years, and we did not match any records that filed move notices subsequent to October 2, 2020.

While a permanent move out of state typically serves as grounds to invalidate an individual's right to vote in Wisconsin, exceptions do occur, particularly for members of the US military, currently enrolled students, federal workers, caretakers, UOCAVA, etc. False positives also can occur, such as where the USPS did not correctly match an individual or where voter made a permanent move out of state but then moved back.

We analyzed NCOA matches and subjected them to further investigation by using a variety of public and semi-publicly available tools to find supplemental evidence of one's residential status to eliminate false positives. We determined if a subject had established residency outside the state, or whether they were qualified to vote in Wisconsin as they had not moved, had moved out but moved back, or had an exception (like military, student, federal worker, caretaker, UOCAVA, etc.) despite moving.

Tools included news articles, property records, tax records, and court records as well as social media websites: Facebook, LinkedIn, Twitter, Pinterest, Instagram, and YouTube, along with blogs, review sites like Yelp and Google Reviews and others. We also used third party tools, such as number, mylife, fastpeoplesearch, peoplefinders, etc. to locate emails and phone numbers not already presented in the voter record, as this would often yield social media account information. We also evaluated the military status of cases on the basis of proximity to a military base or the use of a military address, or if the individual had a military or similar occupational justification as determined by a LinkedIn record, etc.

If this is indeed an ineligible registration, we would like at minimum to have the voter rolls cleaned of this name, but also ideally be investigated and prosecuted if they knowingly resided in another state and still voted in Wisconsin post a reasonable period of time to change their address.

We have a lot of information about the individual (all available from public sources) and we are happy to submit the data for your review upon request should your investigation require it. If you have any questions or if you need further assistance, please do not hesitate to contact me. We look forward to hearing from you soon.

I, [Redacted name], allege that:

[Redacted name] was not eligible to vote in 2020 in Wisconsin as she filed a permanent change of address in June 2019 to [Redacted name] Hartford CT 6107 [Redacted name]. Additionally, she remains active in the Wisconsin voter rolls, yet she has registered to vote in North Carolina and cast a ballot in the 2022 primary election. This is a Wis. Statute § 5.05 complaint, and am citing Wis. Stat. § 6.10(1)&(10), § 12.13(1)(a)&(b); § 12.13(3)(g),(i)&(w), all of which state that [Redacted name] was (and still is) ineligible to vote in Wisconsin since 2019. Attached you will find a total of 9 attached pages, containing additional evidence, and not including the final notarized signature page, as I challenge the legal status of this voter.

Civil/Procedural violations under:

§ 6.10 Elector residence:

Residence as a qualification for voting shall be governed by the following standards:

**(1) Residence as a qualification for voting shall be governed by the following standards:
The residence of a person is the place where the person's habitation is fixed, without any present intent to move, and to which, when absent, the person intends to return.**

(10) If a person moves to another state with an intent to make a permanent residence there, or, if while there the person exercises the right to vote as a citizen of that state by voting, the person loses Wisconsin residence.

§ 12.13 Election fraud:

(1) Electors. Whoever intentionally does any of the following violates this chapter:

(a) Votes at any election or meeting if that person does not have the necessary elector qualifications and residence requirements.

(b) Falsely procures registration or makes false statements to the municipal clerk, board of election commissioners or any other election official whether or not under oath.

(3) Prohibited acts. No person may:

(g) Falsify any statement relating to voter registration under chs. 5 to 12.

(i) Falsely make any statement for the purpose of obtaining or voting an absentee ballot under ss. 6.85 to 6.87.

(w) Falsify a ballot application under s. 6.18.

In light of both these procedural/civil complaints listed above under Wis. Stat. § 5.05, 6.1, 6.10, the WEC must review the following evidence presented below.

Though she was not registered to vote in Connecticut, she has registered in North Carolina.

Without a military or student absentee exemption, it is clear that she has no plans to return to Wisconsin since graduation based on her voter registration data and history. She was not eligible to vote in Wisconsin in 2020 and is still not eligible to do so.

Re: Dismissal of Complaint Filed with Wisconsin Elections Commission
Case No.: EL 22-65, [REDACTED]

Dear [REDACTED]

This communication is to inform you that the verified complaint you filed against [REDACTED] alleging violations of Wis. Stats. §§ 6.10(1) & (10); and 12.13(1)(a) & (b), (3)(g), (i), & (w), was dismissed by the Wisconsin Elections Commission (Commission) at its October 10, 2022, meeting.

The Commission passed a motion by a 5-0-1 vote in closed session that included complaint EL 22-65:

The Commission fails to find that there is a reasonable suspicion that a violation under Wisconsin State Statute § 5.05(2m)(c)4. has occurred or is occurring in these matters, and the Commission hereby dismisses the complaints.

You should be aware that the Commission takes allegations of voter fraud very seriously and has the authority under Wis. Stat. § 5.05(2m)(c)2. am. to “order the complainant to forfeit not more than the greater of \$500 or the expense incurred by the commission in investigation the complaint” should it find by a preponderance of the evidence that a complaint is frivolous. Please consider this before initiating additional complaints.

If you have any questions, please feel free to contact the Commission at (608) 261-2028 or elections@wi.gov.

Sincerely,

Dear Ms. McCormick,

I understand my complaint has been dismissed but do not understand the rationale for the decision. Can you explain why you determined none of the evidence provided was valid?

Thank you,

Subject: Re: Re: Confidential's 5.05 Complaint EL 22-67

Dear [REDACTED]

I can't speak to the specifics of the Commissioners' deliberations in closed session regarding this complaint. What I can tell you is that there are already processes in place that allow the Commission to receive verifiable information about voter registration and participation in other states, including specific records from other states that may include registration forms, poll books, absentee applications and other similar documents containing personally identifiable information related to voters that would not be available through public and open records requests. As an example, at the December 2, 2019 Commission meeting, the Commissioners approved criteria that must be met to make referrals to district attorneys based on potential cross-state voter participation matches. The criteria is as follows:

1. The voter's first name, last name, and middle name or initial (if available) must match between Wisconsin and the other state. (The use of common nicknames like "Bill" instead of "William" may also be considered a match.)
2. The voter's date of birth must match between Wisconsin and the other state.
3. If criteria #1 and #2 are met, then one of the following pieces of information (a. through e.) must also match between Wisconsin and the other state:
 - a. last four digits of the voter's social security number
 - b. the voter's driver license number
 - c. the voter's state ID number
 - d. the voter's previous address information
 - e. a highly comparable signature on voter records

You may find further details about this process by looking at pages marked 34-38 in the Open Session -December Revised 12.4.19 document available at: <https://elections.wi.gov/evertel/election-commission-december-2019-meeting>.

Other processes are in place regarding registration that are also discussed in open session by the Commission. For example, at the most recent regular meeting of the Commission on September 21, 2022, the 2023 four-year voter record maintenance process was discussed (starting on pg 45) and an update was given about ERIC movers data (starting on pg 71). This information may be found at <https://elections.wi.gov/evertel/election-commission-september-meeting> under Open Session Materials 9.21.22 FINAL.

I hope this information is of use.
